SLIMPRO® JETS

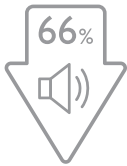

WP

**JACUZZI**, the original inventor of the hydro-massage bath, now makes it possible to match your love for freestanding design with the ultimate luxury of a jetted whirlpool bathtub.

The **BIANCA™** Freestanding Whirlpool Bath features ten SlimPro® jets that offer Aqualibrium™ — the perfect balance of air and water resulting in a powerful, yet comfortable massage.

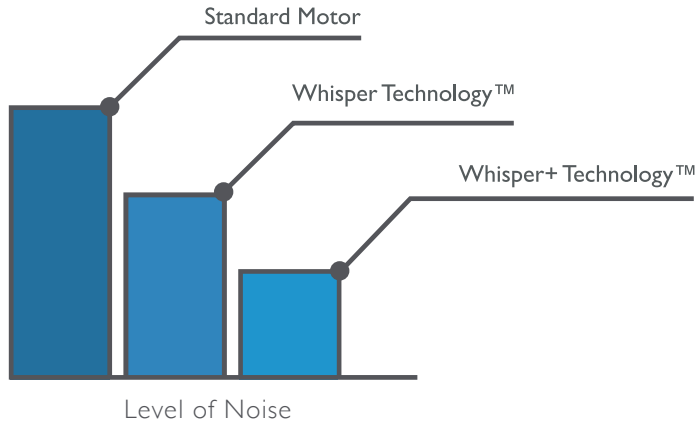

The positioning of the SlimPro® jets optimizes the massage in areas where your body needs it most, while their flush-mount installation maximizes comfort and offers a subtle look. The jet system is fully enclosed within the walls of the bathtub, eliminating the need for remote equipment or make-shift cabinetry.

# Whisper<sup>+</sup>

The Bianca™ Freestanding Whirlpool Bath features Whisper+ Technology™. This unique technology **reduces the noise and vibration associated with standard whirlpool baths up to 66%\***, making the sound of moving water a true pleasure for the ear, like the waves of the ocean. You may both feel and hear the stresses of the day dissolve.

In addition, **Whisper+ Technology™ uses 60% less energy\*\* than a standard heated whirlpool system.** The efficient brushless pump motor transfers heat energy back into the water, maintaining your water temperature.

Whisper+ Technology™ takes quiet to a new level by mounting the pump motor on the exclusive Whisper Technology™ vibration-reducing base. Think of it as two levels of supreme silence.

\* Based on results at a 3rd party test facility. Elara® standard 120V whirlpool bath vs. Elara® Whisper+ Technology™ 120V whirlpool bath

## EASE OF INSTALLATION

Each Bianca™ Freestanding Whirlpool Bath features the exclusive Tru-Level® pre-leveled base and includes an easy drain alignment kit to simplify the installation process.

The must-buy linear overflow and toe-tap drain kit is sold separately, so that you may color match it to other finishing touches in your bathroom.

The Bianca™ bathtub accommodates most floor-mount and wall-mount faucets.

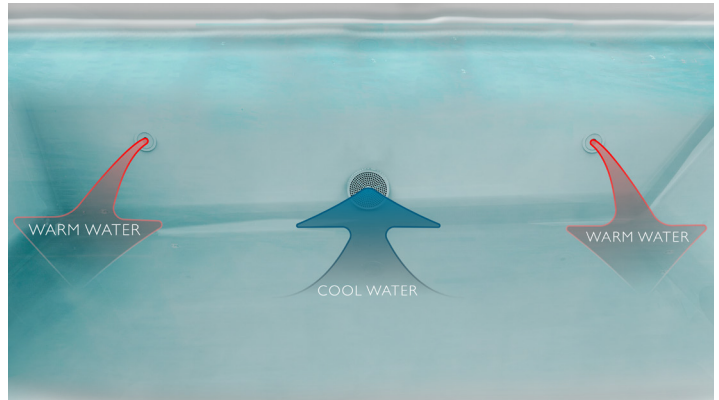

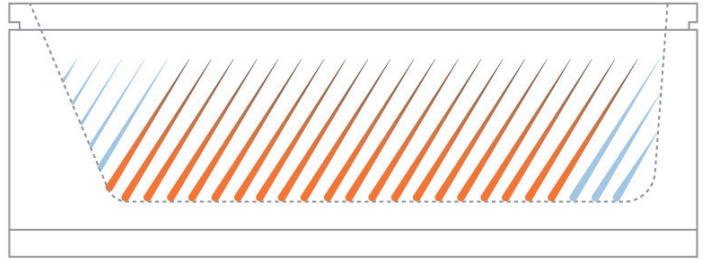

## HEATED SOAK

The new Heated Soak experience allows for a longer soak without adding more hot water.

Two mini jets circulate warm water continuously for a long, relaxing soak. This new experience is available with or without chromatherapy.

## LINEAR DRAIN COVER

Details that complement your bathroom's decor add subtle style. Five finishes are available for the Linear Overflow Drain Kit.

- White
- Chrome
- Brushed Nickel
- Polished Nickel
- Oil-Rubbed Bronze

## DRAIN ALIGNMENT KIT

- Comes standard with Bianca™ Whirlpool bathtub; Sold separately for Soaking and Heated Soak experiences
- Makes installation easier for all freestanding baths
- Video tutorial on YouTube
